Re: Vacatur – Stop Sale, Use, or Removal Order for the pesticide product “Black Flag Disposable Fly Trap”
Docket No. FIFRA-10-2017-0105

Dear Madam or Sir:

With this letter the United States Environmental Protection Agency, Region 10 (“EPA”) hereby vacates the Stop Sale, Use, or Removal Order (“Order”) captioned above. This vacatur is effective immediately. On August 29, 2017, EPA issued the Order based on its reason to believe on the basis of inspection and tests that the product “Black Flag Disposable Fly Trap” was a pesticide requiring registration under Section 3 of the Federal Insecticide, Fungicide and Rodenticide Act (“FIFRA”), 7 U.S.C. § 136a, and EPA’s implementing regulations at 40 C.F.R. Part 152. Specifically, the product labeling contained pesticidal claims and the product contained the known attractant “indole” in quantities ranging from 8.10 to 11.3 parts per million.

The product manufacturer, Chemsico, a Division of United Industries Corporation, provided information regarding this product on October 4, 2017. Based on our evaluation of the product in light of the new information regarding the ingredients and manner of production provided in the October 4, 2017, letter from the manufacturer, the EPA has determined that the product meets the exemption from registration for foods codified at 40 C.F.R. § 152.25(d). The regulation at 40 C.F.R. § 152.25(d) states: “The pesticides or classes of pesticides listed in this section have been determined to be of a character not requiring registration under FIFRA, and are therefore exempt from all provisions of FIFRA when intended for use, and used, only in the manner specified. * * * (d) Foods. Products consisting of foods and containing no active ingredients, which are used to attract pests.” EPA is vacating the Order solely because the product meets this exemption.

If you have any questions regarding this letter, please call Chad Schulze at (206) 553-0505.
Questions from legal counsel should be directed to Brett S. Dugan at (206) 553-8562.

Sincerely,
